City of Southampton
Orchestra
Celebrating **50** Years

Welcome to the City of Southampton Orchestra's 2022 Family Concerts. We are delighted to be back and welcoming the Hampshire and Isle of Wight Wildlife Trust as well as our returning guests Phil Cheesman and the New Forest School of Dance.

John Traill: Conductor

John Traill specialises in conducting symphonic and contemporary repertoire, and he is committed to making music accessible to all. Director and Supernumerary Fellow in Music at St Anne's College, Oxford, he has been course director of courses in Instrumental Conducting, and Orchestration, at Oxford University. From 2017-2020 he was a Teaching Fellow at Royal Holloway University London, responsible for courses in ensemble performance, conducting, and composition. Previous posts include Teaching Fellow at Kings College London, lecturer at the Royal Welsh College of Music and Drama and Bristol University, and Head of Performance at Bangor University.

Phil Cheesman: Narrator

Mild-mannered professional nerd Phil has a long history of amateur performing, starting with ballet at age three, then picking up all sorts of instruments and theatre skills through school and university and beyond.

The intervening decades have seen him appear on stage in various guises and a wide range of bands, one highlight being soloing with Dave Brubeck.

These days he can be found playing piano at church, accordion in a Bluegrass band, board games in the pub or silly video games with his kids.

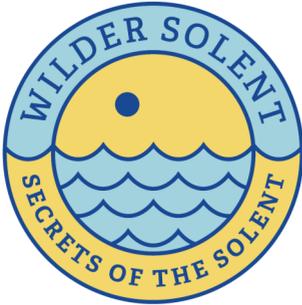

Phil counts it an enormous privilege to have had such a long association with the CSO and greatly enjoys the opportunity to lark around narrating these concerts, helping bring their splendid music to life in such a fun way!

The New Forest School of Dance

The New Forest School of Dance was established in 1978 by Mary Richardson and has gone from strength to strength ever since. Although the vast majority of pupils dance for fun, the school is very proud of the success of both present and former pupils. Past pupils have gone on to study at major colleges and many are dancing and teaching both here and abroad. Children from the school are regularly accepted as Royal Ballet School Mid and Senior Associates.

***Hampshire and Isle of Wight
Wildlife Trust:
Secrets of the Solent***

The Solent is a special place, with endless surprises just beneath its surface. There are vast seagrass meadows and intricate chalk reefs, as well as fascinating species like seahorses, thresher sharks, and cuttlefish.

Hampshire & Isle of Wight Wildlife Trust's marine project, Secrets of the Solent, is celebrating our region's extraordinary waters, the amazing people and wildlife that share them, and the inspiring work being done to safeguard their future. Over four busy years the project, which is supported by the National Lottery Heritage Fund, is shining a spotlight on the Solent's vibrant marine environment using art, cuisine, citizen science, volunteering opportunities, and more.

Bernie the Bear

Hello Boys and Girls,

I hope you all enjoy the concert today. I can't wait because I love everything about the sea. When I go on holiday I always take my flippers and snorkel so I can swim with all the little fish. They are so colourful!

Sometimes, if I'm really lucky, the dolphins take me for a ride on their backs; it's so exciting. I do get a bit wet but I give myself a good shake and my fur soon dries off in the sun!

The orchestra is playing lots of interesting music today. So you'll have to listen very hard to hear the musical sharks, whales, mermaids, ships and so much more! I'm especially excited because John Traill, the conductor, is letting me sit with the orchestra while they play.

If you look very carefully, you might even see me!

Love Bernie xx

P.S. Don't forget if you want to ask me questions about anything musical, you can always email me at:
